

## **PROGRAM 113 TEASER**

People are confused. It's not just the earthquakes, tornados, terrorist threats and economic worries that make our heads spin. It's the changing culture that tells us to open up to new days and new ways of living—of behaving. But then we study the lives of those pushing for change—those rejecting what they call “old-fashioned” and “out of date” ideas—like the Bible and ages-old moral parameters—and we wonder if maybe they are the blind leading the blind. Is there such a thing as absolute, unchanging truth? If so, what happens when unchanging TRUTH must clash with changing culture? You're about to find out—on More Than Talk.
