

PROGRAM 159

It's almost 30,000 feet high...Mt. Everest is a signpost to the world that there is no higher point on planet earth. But there is a bigger sign-post to the world given to us by the God who formed Mt. Everest and wants you to know He loves you. When Rome destroyed Jerusalem in 70AD, Israel ceased to exist. Those who thought they knew it all said, "There will never be another Israel." But the God who really knows it all said Israel would be reborn. The Jews would return to their land. Would this end time prophecy come true? That's our subject today—"The Impossible Return"—on More Than Talk.
