How the World Will End?

Mankind is in panic mode. Millions of refugees pour over Europe's borders. Hunger drives Venezuelans to riot in the streets—right here in the so-called civilized West. From Asia to Africa—from Middle America to the Middle East—worry, fear, foreboding over a frightening future. Science has no answer. Politicians? They are a big part of the problem. Technology? It just drives us to the abyss at a faster pace.

But then there is God. He told us how the world began—whether we believe or not. And He tells us in detail how the world will end. That's where we're going today in great chapters of the Bible—How the World Will End?

Knowing God Makes All the Difference

Life is always filled with many lessons,
And some we have to learn time & again;
I took time to pause and study people,
And learned a lesson from the lives of men.

Many brilliant men with such vast knowledge,
And those so rich they're filled with foolish pride;
Kings and presidents with total power,
But when they die—I hear a Voice Inside...

The wise man is the one who walks with Jesus,
The strong man knows he's weak without the Lord;
And when you meet a man with a conscience clear and pure,
He's richer than all kings who have what money can afford.

Knowing God, makes all the difference,
I've searched it out and now I know it's true.

Now I know the man of real wisdom,
Has realized that Jesus died for him;
And if you want to meet the one with pow'r,
Just look for one who has the King within.

Only just take time to look around you,
You'll find that hist'ry's lessons will not cease,
To remind you that the real rich man,
Is one whose heart is filled love and peace.
