

PROGRAM 43 TEASER

There was no Israel for some 2000 years. And during the Holocaust, it appeared that there might not be any more Jews. Yet, only three years after the defeat of Nazism, Jewish survivors declared to the world the rebirth of Israel. Today, Israel is the miracle you can touch. Much of the nation is secular—only a tiny minority believe in Jesus—Yeshuah. Yet those who study and believe the Bible as the Word of God see that Invisible Hand bringing the Jews back to their land and preserving them from their many enemies. God has a plan—and Israel has no option. You'll learn why as Tom Hughes and I explore the Scriptures on MORE THAN TALK.
