

PROGRAM 44 TEASER

Germany was still divided when I stood on a cold night near a World War II bunker in Communist East Berlin. It was the Fuhrer's bunker—the fiendish place where Adolf Hitler committed suicide. The man who determined to bring about the “final solution” of the Jews had met his own final solution. God has promised to bless those who bless the Jews and curse those that curse them. Since Hitler never heeded that warning of the curse, he was doomed to verify it. But the world never learns—as proven by enemies of Israel today. Yet, because God loves this world, He will use the Jews again to evangelize it. Israel has no option—only a destiny planned by the awesome God who is always MORE THAN TALK.
