

PROGRAM 140 TEASER

Is belief in God just blind faith? Far from it! His supernatural fingerprints are visible to all but the willfully blind. Creation. Beauty. Order. Then there's my conscience—right and wrong. Who made these changeless moral laws? But there's something else. Biblical prophecy. God wants you to find Him. So He speaks of future events and tells you what will happen. Like the Jews and Israel. How they came into being. How they would be His signpost to the world. Why no earthly power would ever eliminate them. Why is the Jew immortal? Why is biblical prophecy unmatched, unchallenged, unstoppable. I'm Frank Eiklor. He's Tom Hughes. And we're about to give you a whole lot More Than Talk.
